BARNARD

This is a brief description of the Student Health Plan. The Plan is available for Barnard College students. The Plan is underwritten by Aetna Life Insurance Company (Aetna). The exact provisions, including definitions, governing this insurance are contained in the Policy issued to you and may be viewed online at <https://www.aetnastudenthealth.com>. If there is a difference between this Benefit Summary and the Policy, the Master Policy will control the payment of benefits.

Barnard College Primary Care Health Services

Students who are registered at Barnard College have unrestricted use of the Barnard College Primary Care Health Service for routine physicals, urgent care, diagnosis and treatment of acute and chronic illness and referrals to off-campus specialists. Use of the Furman Counseling Center is limited to short-term psychotherapy and outside referrals. **Both centers can be used by registered students regardless of their insurance status.** Please visit www.barnard.edu/counsel for more information on the services available at the Furman Counseling Center.

Consultations, Laboratory Tests and X-Rays

Students with the Aetna Student Health plan are not charged for laboratory tests that are administered at the Barnard Primary Care Health Service and processed at an outside lab. Most other in-house tests are no charge. For laboratory tests, X-Rays and consultations performed outside of Primary Care Health Service, see insurance plan.

Students will be charged discounted fees for medications available at the Primary Care Health Service Dispensary.

If you are covered by a comprehensive health insurance plan, you may opt out of the SHIP by completing the waiver request form, located in the left-hand side navigation menu

| Category | Waiver Deadline Date |

Waiver request submissions: Waiver request form submissions will be reviewed by Barnard College or the Plan Broker and Administrator, University Health Plans. As part of the review process, you may be required to provide proof that your plan meets the waiver requirements. By submitting the waiver request form, you agree that your comprehensive health insurance plan may be contacted for confirmation that you have coverage for the applicable 2023-2024 Policy Year and it meets the waiver requirements. After successfully submitting the waiver request form, University Health Plans will send a decision to the student's Barnard e-mail account stating the waiver request form has either been approved or denied. Students should check their Barnard e-mail account regularly. The decision takes 5-7 business days after the waiver review form has been submitted.

Special Enrollment Periods

You can also enroll for coverage within 60 days of the loss of coverage in a health plan if coverage was terminated because you are no longer eligible for coverage under the other health plan due to:

- Termination of employment;
- Termination of the other health plan;

- Death of the spouse;
- Legal separation, divorce or annulment;
- Reduction of hours of employment;
- Employer contributions toward a health plan were terminated; or
- A Child no longer qualifies for coverage as a Child under another health plan.

You can also enroll 60 days from exhaustion of your COBRA or continuation coverage.

We must receive notice and premium payment within 60 days of the loss of coverage. The effective date of your coverage will depend on when we receive your application. If your application is received between the first and fifteenth day of the month, your coverage will begin on the first day of the following month. If your application is received between the sixteenth day and the last day of the month, your coverage will begin on the first day of the second month.

In addition, you can also enroll for coverage within 60 days of losing (or gaining) eligibility for Medicaid or a state child health plan.

We must receive notice and premium payment within 60 days of this event.

Participating Providers

Aetna Student Health offers Aetna's broad network of Participating Providers. You can save money by seeing Participating Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better your out-of-pocket expenses will generally be lower when You receive benefits from a Participating Provider, and some benefits under the Plan may only be covered when received from a Participating Provider.

If you need care that is covered under the Plan but not available from a Participating Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from a Non- Participating Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for Participating Providers.

Preauthorization

Some services have to be preauthorized by Aetna beforehand if you want the Plan to cover them. Participating Providers are responsible for requesting preauthorization for their services. You are responsible for requesting preauthorization if you seek care from a Non- Participating Provider for any of the services listed in the Schedule of Benefits section of the Certificate. Preauthorization is not required for Participating facilities certified by the New York office of alcoholism and substance abuse services.

If you want the Plan to cover a service from a Non- Participating Provider that requires preauthorization, you must call Aetna at the number on your ID card. After Aetna receives a request for preauthorization, we will review the reasons for your planned treatment and determine if benefits are available.

You must contact Aetna to request preauthorization as follows:

- At least two (2) weeks prior to a planned admission or surgery when your provider recommends inpatient hospitalization. If that is not possible, then as soon as reasonably possible during regular business hours prior to the admission.
- At least two (2) weeks prior to ambulatory surgery or any ambulatory care procedure when your provider recommends the surgery or procedure be performed in an ambulatory surgical unit of a hospital or in an ambulatory surgical center.
- Within the first three (3) months of a pregnancy, or as soon as reasonably possible and again within 48 hours after the actual delivery date if your hospital stay is expected to extend beyond 48 hours for a vaginal birth or 96 hours for cesarean birth.
- Before air ambulance services are rendered for a non-emergency condition.

You must also contact Aetna to provide notification after the fact as follows:

- As soon as reasonably possible when air ambulance services are rendered for an emergency condition.
- If you are hospitalized in cases of an emergency condition, you must call Aetna within 48 hours after your admission or as soon thereafter as reasonably possible.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Design and Benefits Summary document will tell you about some of the important features of the Plan, other features may be important to you and some may further limit what the Plan will pay. To look at the full Plan description, which is contained in the Policy issued to you, go to <https://www.aetnastudenthealth.com>. If any discrepancy exists between this Benefit Summary and the Policy, the Master Policy will control.

All coverage is based on the **Allowed Amount**.

“Allowed Amount” means the maximum amount Aetna will pay for the services or supplies covered under the certificate, before any applicable Copayment, Deductible and Coinsurance amounts are subtracted.

- The Allowed Amount for Non-Participating Providers will be determined as follows:
Facilities -For Facilities, the Allowed Amount will be 140% of an amount based on cost information from the Centers for Medicare and Medicaid Services.
- **For All Other Providers**-For all other Providers, the Allowed Amount will be 105% of an amount based on cost information from the Centers for Medicare and Medicaid Services.

Our Allowed Amount is not based on the “usual, customary and reasonable charge.” If a Non-Participating Provider’s actual charge is more than the Allowed Amount, you are responsible for the difference. Call us at the number on your ID card or visit <https://www.aetnastudenthealth.com> for information on your financial responsibility when you receive services from a Non-Participating Provider.

This Plan will pay benefits in accordance with any applicable **New York** Insurance Law(s).

REFERRAL REQUIREMENT

Although You are encouraged to receive care from Your PCP, You do not need a Referral from Student Health Services; a PCP before receiving Specialist care from a Participating Provider.

However, if You do obtain a written Referral, select a PCP and notify us of Your PCP, Your Cost-Sharing may be lower. See the Schedule of Benefits section of this Certificate for Your Cost-Sharing.

You may select any participating PCP who is available from the list of PCPs in the PPO Network. Each Member may select a different PCP. Children covered under this Certificate may designate a participating PCP who specializes in pediatric care. In certain circumstances, you may designate a Specialist as Your PCP. See the Access to Care and Transitional Care section of this Certificate for more information about designating a Specialist. To select a PCP, visit Our website at www.aetnastudenthealth.com. If You do not select a PCP, we will assign one to You.

For purposes of Cost-Sharing, if You seek services from a PCP (or a Physician covering for a PCP) who has a primary or secondary specialty other than general practice, family practice, internal medicine, pediatrics and OB/GYN, You must pay the specialty office visit Cost-Sharing in the Schedule of Benefits section of this Certificate when the services provided are related to specialty care.

However, the Participating Provider must discuss the services and treatment plan with Your PCP; Student Health Services; agree to follow Our policies and procedures including any procedures regarding Referrals or Preauthorization for services other than obstetric and gynecologic services rendered by such Participating Provider; and agree to provide services pursuant to a treatment plan (if any) approved by Us. See the Schedule of Benefits section of this Certificate for the services that require a Referral.

You may need to request Preauthorization before You receive certain services. See the Schedule of Benefits section of this Certificate for the services that require Preauthorization.

If We do not have a Participating Provider for certain provider types in the county in which You live or in a bordering county that is within approved time and distance standards, We will approve a Referral to a specific Non-Participating Provider until You no longer need the care or We have a Participating Provider in Our network that meets the time and distance standards and Your care has been transitioned to that Participating Provider. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible for any applicable in-network Cost-Sharing.
