INTRODUCTION

THE BROWN UNIVERSITY STUDENT HEALTH INSURANCE PLAN

The Brown University Student Health Insurance Plan is designed to protect against unexpected medical expense and to meet most students' needs while on campus and throughout the Policy Year. Often a student covered by a Health Maintenance Organization (HMO) or a managed care policy at home, has limited or no benefits while at the University, in other parts of the U.S. or in a foreign country. When reviewing your current policy, check to ensure that it provides access to healthcare providers in the Brown University area and provides comprehensive coverage, extending beyond emergency care to include hospitalization (including room and board, physicians' fees, surgical expenses), lab tests, x-rays, prescription drugs, mental health care, and sports injuries.

This brochure is a brief description of the Plan. The exact provisions governing the insurance are contained in the Master Policy issued to Brown University and may be viewed at school during regular business hours. This Plan is underwritten by Nationwide Life Insurance Company and is serviced by University Health Plans. Claims are processed by Consolidated Health Plans.

STUDENT ELIGIBILITY AND ENROLLMENT

All registered students are automatically enrolled in the Student Health Insurance Plan described in this brochure. Participation in this Student Health Insurance Plan is required by vote of the Corporation of the University unless a Waiver is completed and submitted each academic year by the Waiver deadline. Special students registered for courses who are not automatically enrolled in the Student Health Insurance Plan may be eligible for coverage. Contact the Insurance Office prior to the start of the semester. This Plan supplements Health Services located in Andrews House, 13 Brown Street. Health Services is operated solely by Brown University and is not affiliated with the Insurance Company.

The Company maintains its right to investigate student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

WAIVER PROCEDURES

Students who do not want to participate in the Student Health Insurance Plan must complete a Waiver by the deadline confirming participation in a comparable health insurance plan that will be in effect until August 15, 2013.

Students will need to complete and submit an online Waiver. To access the Waiver, log on to www.univhealthplans.com, click on Brown University and then the Waiver icon in the menu section. In order to waive coverage, you will need to know the name of your current insurance carrier, insurance carrier's claims address, toll-free customer service telephone number, policyholder's name, policyholder's ID number and group name or number if applicable.

Immediately upon submitting the Online Waiver, you will receive a confirmation email that the Online Waiver has been submitted. Print this confirmation email for your records, as it is your proof that the Online Waiver was submitted. If you do not receive a confirmation email, the Waiver was not submitted and you will need to correct any errors on the Online Waiver and resubmit it. Should you have questions, please contact University Health Plans at (800) 437-6448.

WAIVER DEADLINE

The deadline for ALL students to complete and submit the Waiver for annual coverage is June 1, 2012. For students who are newly enrolled students for second semester coverage, the waiver deadline is January 1, 2013. Students who do not complete and submit the Waiver by the printed deadline will be automatically enrolled in the Student Health Insurance Plan and the fee will remain on their student account.

QUALIFYING EVENTS

Students who waive coverage under the Brown University Student Health Insurance Plan, and then subsequently lose coverage under their private insurance plan during the academic year, may be eligible to enroll in the Student Health Insurance Plan. Students can only enroll in the Student Health Insurance Plan if they have lost coverage due to a qualifying event, such as a change in employment or marital status, or attaining the age limit of their insurance plan. Students will be required to submit a Qualifying Event Form and supporting documents to provide proof of termination to University Health Plans within thirty-one (31) days of the qualifying event. Enrollment in the Student Health Insurance Plan is not automatic. Students will be charged the full premium for the applicable term of coverage; the premium will not be pro-rated.

Students enrolled in the Brown University Student Health Insurance Plan who become eligible for health insurance coverage for the first time as a dependent on an alternative, comparable plan, may be eligible to terminate their enrollment in the Student Health Insurance Plan. Eligibility for termination must be due to a change in employment or marital status. Students will be required to submit a Qualifying Event Form and supporting documents to provide proof of first time eligibility to University Health Plans within thirty-one (31) days of the qualifying event. Refund of premium will be pro-rated accordingly.

LEAVE OF ABSENCE COVERAGE

Students who take a leave of absence (i.e. personal, medical or to study away from Brown University) and who have been previously insured under the Student Health Insurance Plan for the enrollment period immediately prior to taking the leave of absence are eligible to enroll in the Student Health Insurance Plan for a maximum of one (1) year. Interested students should contact the Insurance Office about their eligibility, and need to submit an application and premium to University Health Plans prior to August 15, 2012.

DEPENDENT ELIGIBILITY AND ENROLLMENT

Students may enroll their eligible Dependents at additional cost. Dependent means: the spouse (husband or wife or domestic partner, including same sex civil union partners) of the Insured Student and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of twenty-six (26) years. Newborn infant means any child born of an Insured Student or Spouse while that person is insured under this Policy. Newborn Infants will be covered under the Policy for the first thirty-one (31) days after birth. Coverage for such a child will be for Injury or Sickness including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent. Only the Insured Student will have the right to continue such coverage for the child beyond the first thirty-one (31) days. If the Insured Student does not use this right as stated here, all coverage as to that child will terminate at the end of this first thirty-one (31) days after the child's birth. A newborn child of an Insured Student's dependent child is not eligible to continue coverage beyond the initial thirty-one (31) day period. To continue the coverage the Insured Student must, within thirty-one (31) days after the child's birth, complete and return the Dependent Enrollment Form with payment to University Health Plans. Students also have the option of enrolling their eligible dependents online at www.univhealthplans.com.

Domestic Partner means the partner of an Insured Student who has filed a "Declaration of Domestic Partnership" for same-sex Domestic Partners or a "Common Law Marriage Affidavit" for opposite-sex Domestic Partners with the Insurance Office and who: (a) has been residing with the Insured Student for at least six (6) consecutive months, and intends to do so indefinitely; (b) is considered the Insured Student's "sole Domestic Partner"; (c) is, along with the Insured Student, at least eighteen (18) years of age; (d) is, along with the Insured Student, jointly responsible for each other's welfare and financial obligations; and (e) is, along with the Insured Student, not married or related by blood.

Party to a Civil Union means a person who has established a civil union according to applicable state law.

Students can contact either the Insurance Office or University Health Plans to obtain Dependent enrollment forms and applicable plan cost, or log on at www.univhealthplans.com to enroll their eligible Dependents online. Eligible Dependents need to be added by September 15, 2012 for an effective date of August 15, 2012 to be continuously insured and avoid a break in coverage. Dependents are not automatically re-enrolled in the plan. It is the student's responsibility to ensure the timely enrollment of eligible Dependents each Policy Year. Students who are newly enrolled at Brown for the Spring Semester must enroll their eligible Dependents by February 15, 2013 for an effective date of January 15, 2013; and students who are newly enrolled at Brown for the Summer Semester must enroll their eligible dependents by July 1, 2013 for an effective date of June 1, 2013.

QUALIFYING EVENTS

Outside of these enrollment periods, eligible Dependents can only be added to the plan within thirty-one (31) days of a qualifying event such as marriage, spouse's initial arrival to the United States, birth of a child, or loss of coverage due to a change in employment status. The qualifying event can occur anytime during the Policy Year, however, the Insured must notify Us in writing within thirty-one (31) days of the qualifying event and pay the required additional premium in order to be eligible for coverage.

Insured Students withdrawing after thirty-one (31) days will remain covered under the Plan for the full period for which the premium has been paid and no refund will be made available. This is true for students on leave for medical or academic reasons and students electing to enroll in a separate comparable plan during the Policy Year. STUDENT HEALTH INSURANCE BENEFITS

This Plan provides benefits based on the type of health care provider You or Your covered Dependent select. This Plan provides access to a PPO with Preferred Providers/facilities locally and nationwide. If You or Your covered Dependent receives care from a Preferred Provider, this Plan will pay for any Covered Medical Expense at the Preferred Provider level of benefits. If a Covered Medical Expense is incurred due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. If care is received from an Out of Network Provider, this Plan will pay seventy percent (70%) for any Covered Medical Expense at the Out of Network Provider level of benefits. All payments will be subject to any applicable Deductible, Coinsurance, Maximum Benefits, and other provisions or limitations in this Plan. Eligible Expenses are payable in accordance with the Schedule of Benefits outlined in this brochure. The Maximum Benefit per each Injury or Sickness is \$500,000 per Insured Person.

PREFERRED PROVIDER INFORMATION

The Brown University Student Health Insurance Plan provides access to hospitals and health care providers, who participate in Preferred Provider Networks, both locally and across the country. The advantage to using Preferred Providers is that these providers have agreed to accept a predetermined fee or Preferred Allowance as payment in full for their services. Consequently, when Insured Persons use Preferred Providers, out-of-pocket expenses will be less because any applicable coinsurance will be based on a Preferred Allowance.

The Insured Person should be aware that Preferred Provider Hospitals might be staffed with Out of Network Providers. As a result, receiving services or care from an Out of Network Provider at a Preferred Provider Hospital does not guarantee that all charges will be paid at the Preferred Provider level of benefits. The participation of specific providers in the Preferred Provider Networks is subject to change without notice. Insured Persons should always confirm when making an appointment that the provider participates in a Preferred Provider Network.

First Health Network is the Preferred Provider Network and provides access to providers located across the United States. To determine if a provider participates in First Health, students can call (800) 226-5116 or visit www.firsthealth.com. It is important that Insured Persons verify that their providers are Preferred Providers each time they call for an appointment or at the time of service.

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices.

“Preferred Allowance” means the amount a Preferred Provider will accept as payment in full for covered medical expenses.

“Out of Network” providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are Insured’s responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

DEFINITIONS

Whenever used in this Plan:

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 3) made for services and supplies not excluded under the Policy; 4) made for services included in the Schedule of Benefits; 5) made for services and supplies which are a Medical Necessity; 6) in excess of the amount stated as a Deductible, if any. Covered Medical Expenses will be deemed “incurred” only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this Policy as a Deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The Deductible will apply per Policy Year or per occurrence (for each Injury or Sickness) as specified in the Schedule of Benefits.

ELECTIVE SURGERY OR ELECTIVE TREATMENT means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States. This does not include services that are medically necessary.

INJURY means bodily injury which is: 1) directly and independently caused by specific accidental contact with another body or object; 2) unrelated to any pathological, functional, or structural disorder; and 3) a source of loss. All Injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one Injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity.

INSURED PERSON means: 1) the Named Insured; and, 2) Dependents of the Named Insured, if: 1) the Dependent is properly enrolled in the program, and 2) the appropriate dependent premium has been paid. The term “Insured” also means Insured Person.

MEDICAL EMERGENCY means the occurrence of a sudden, serious and unexpected Sickness or Injury. In the absence of immediate medical attention, a person could believe this condition would result in: 1) Death; 2) Placement of the Insured’s health in jeopardy; 3) Serious impairment of bodily functions; 4) Serious dysfunction of any body organ or part; or 5) In the case of a pregnant woman, serious jeopardy to the health of the fetus. **Expenses incurred for Medical Emergency will be paid only for Sickness or Injury which fulfills the above conditions.**

MEDICAL NECESSITY means those services or supplies provided or prescribed by a Hospital or Physician which are: 1) Essential for the symptoms and diagnosis or treatment of the Sickness or Injury; 2) Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury; 3) In accordance with the standards of good medical practice; or 4) Not primarily for the convenience of the Insured, or the Insured’s Physician.

OUT OF NETWORK providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are Insured’s responsibility.

PHYSICIAN means a legally qualified licensed practitioner of the healing arts who provides care within the scope of his/her license, other than a member of the person’s immediate family. The term “member of the immediate family” means any person related to an Insured Person within the third degree by the laws of consanguinity or affinity.

PREFERRED ALLOWANCE means the amount a Preferred Provider will accept as payment in full for covered services.

PREFERRED PROVIDERS are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices.

SICKNESS means sickness or disease of the Insured Person which causes loss while the Insured Person is covered under this Policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one Sickness.

USUAL AND CUSTOMARY CHARGES means a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality of the Policyholder. No payment will be made under this Policy for any expenses incurred which in the judgment of the Company are in excess of Usual and Customary Charges which is defined as the 80th percentile of Fair Health, Inc. Prevailing Health care Charges Systems.

WE, US and OUR means Nationwide Life Insurance Company.

YOU and YOUR means the Insured Person.

Any portions of a Phase II trial which are customarily funded by government, biotechnical and/or pharmaceutical and/or medical device industry sources in Rhode Island or in other states will continue to be so funded in Rhode Island and coverage pursuant to this section shall supplement, not supplant, customary funding.

Benefits will not be paid for new cancer therapy treatment under this provision for that portion of the treatment in connection with a Phase II clinical trial that is funded by a national agency or by commercial organizations.

SUBROGATION AND RECOVERY RIGHTS

The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.

RIGHT OF RECOVERY: Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear.

MORE THAN ONE POLICY: Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

EXTENSION OF BENEFITS

The coverage provided under this Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed twelve (12) months after the Termination Date. The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

COORDINATION OF BENEFITS (COB)

This section will be used to determine an Insured Person's benefits under this Plan if the Insured Person is insured for medical care benefits under this Plan and is also covered for these benefits under other Plans. This section will also address the benefits that would be paid by this Plan, without this COB section plus the benefits that would be paid by the

other Plans, without a COB section similar to this section would exceed allowed expenses as defined below.

Please note that other health insurance plans may not recognize this plan as one that they will coordinate benefits with. If you are covered under another health insurance plan as well, and your other plan does not coordinate benefits with student health plans, your other coverage will be primary and your student health plan will pay on an excess basis.

Plan means a plan, which provides benefits or services for, or by reason of, medical, or dental care or treatment through:

1. group, blanket, franchise, or subscriber insurance coverage;
2. pre-paid plans for: a) group hospital service; b) group medical service; c) group practice; d) individual practice; and e) any other such plans for members of a group;
3. any plan provided by: a) labor management trusts; b) unions; c) employer organizations; d) professional organization; or e) employee benefit organizations;
4. a government program or statute, other than a state medical assistance plan that implements Title XIX of the Social Security Act of 1965;
5. any group or group type hospital indemnity of more than \$100 per day; and
6. Medicare (Title XVII of the Social Security Act); and
7. any group, group-type and individual automobile "no fault" and traditional automobile "fault" type contracts.

A Plan does not include individual or family insurance contracts; individual or family subscriber contracts; individual or family coverage through Health Maintenance Organizations (HMO's); individual or family coverage under other prepayment, group practice and individual practice plans; group or group-type hospital indemnity benefits of \$100 per day or less; blanket school accident-type coverages; a state plan under Medicaid, or any plan when, by law, its benefits are excess to those of any private insurance program or other nongovernmental program.

Rules to Determine Which Plan Pays First: A plan, or part of one, that does not have a COB section similar to this section will pay its benefits before a plan that has such a section. In all other cases, the plan that will pay its benefits first will be:

1. The plan, which covers the Insured Person as an employee rather than as a full or part time student. Item 1 will not apply unless a similar provision is contained in all plans. In this case item 2, 3 or 4 will determine which plan pays first.
2. If 1 does not apply, the plan, which covers the person as a full or part-time student rather than as a dependent.
3. If 1 and 2 do not apply, the plan, which covers the person as a dependent of the parent whose month and date of birth occurs earlier in the year. If the other plan has a rule based on the gender of the parent, the gender rule will determine the order of benefits. However, a child's parents may be divorced or separated. If so, the plan to pay its benefits first will be the plan which covers the child as a dependent of the parent with custody rather than as a dependent of the parent without custody. If the parent with custody remarries: a) the plan, which covers the child as a dependent of a parent with custody will pay its benefits first; b) the plan, which covers the child as a dependent of a stepparent will pay its benefits next; and c) the plan, which covers the child as a dependent of a parent without

custody will pay its benefits last. A court decree may require the parent without custody to be financially responsible for the child's health care. If so, the plan to pay its benefits first will be the plan which covers the child as a dependent of the parent with such responsibility rather than as a dependent of any other person.

4. If 1, 2, or 3 do not apply, the plan, which has covered the insured person for the longer time rather than the shorter time.
